# Discussing ASQ-3 Results with Caregivers Activity

## Materials Needed:

Completed ASQ-3 questionnaire (if needed, use the sample at http://bit.ly/ASQ348Eng.)

## Directions:

1. Break into groups of 2 or 3 people
2. Choose a role: Provider or Caregiver* (and Observer if 3 people)
3. Review ASQ-3 results following the steps below

***Caregiver:** Ask questions, be inquisitive, and advocate for your child

## STEP 1: Begin the meeting by celebrating the child.

What do you love about the child? What things were observed about him/her?
*Parents/caregivers want to know that you notice and appreciate their child.*

## STEP 2: Review the completed ASQ-3.

Review items marked "Yes." *Celebrate what the child is doing first.*
Review items marked "Not Yet."
Discuss concerns noted in Overall section. *"Can you tell me more about..."*

## STEP 3: Review ASQ-3 Information Summary Sheet together.

Results **above the cutoff**: *"This area is a strength."*
Results **in the monitoring area**: *"This is an area where your child might benefit from more practice."*
Results **below the cutoff**: *"This area is below the cutoff. It may be a good idea to have a to have a specialist look at your child's development in this area."*

## STEP 4: Together, complete Section 4 of the Information Summary Sheet.

Make decisions about next steps.
