

Training Institutes

Invest in one now. Benefit for years.

Are you...

- Starting a developmental screening program?
- Rolling out a screening initiative for a district or county?
- Arranging ASQ® trainings for a steady stream of new staff?

Rather than hosting an ASQ training seminar at your site, consider sending a staff member to the next ASQ Training Institute. They'll get three full days of train-the-trainer instruction from ASQ experts. You'll save money—and have your own ASQ trainer who can instruct new staff for years to come!

Why choose an ASQ Training Institute?

Attendees of these in-depth workshops will:

- ✓ **Connect with other ASQ users** from around the country and exchange ideas
- ✓ **Fine-tune their ASQ knowledge** with three days of interactive discussion and exercises
- ✓ **Get answers to their most challenging questions**, straight from ASQ expert trainers
- ✓ **Come away with a full set of training materials** to instruct colleagues in ASQ®-3 & ASQ®:SE-2 implementation
