ASQ Online Live Q&A Sessions
Webinar ID: 995-359-235

GoToWebinar

**What is your suggestion for
sanitizing supplies between
children when completing the
ASQ?**

Navigating Change: Kansas' Guide to Learning and School Safety Operations

<https://www.ksde.org/Teaching-Learning/Resources/Navigating-Change-Kansas-Guide-to-Learning-and-School-Safety-Operations>

- **Operations -> Classrooms -> Instructional Materials**
- **Materials List for 54, 60, and 72 Month Questionnaires**
Encourage families to review [this list of the suggested materials](#) for the administration of the 54, 60, and 72 Month ASQ-3 questionnaires.
- **ASQ-3 Materials and Item Adaptation Guide**
If a family doesn't have access to an item on the suggested materials list, [use this adaptation guide](#) to modify the ASQ-3 activity using alternative materials they may have at home.

If we have a couple classes of Kindergarten who have chosen remote, how do we handle this on the ASQ Online platform? Should we create a new building for them or include them in their neighborhood school? Who is in charge of their data?

Navigating Change: Kansas' Guide to Learning and School Safety Operations

<https://www.ksde.org/Teaching-Learning/Resources/Navigating-Change-Kansas-Guide-to-Learning-and-School-Safety-Operations>

- Remote Learning Students should be reported in the same building that they are enrolled in. The ASQ is an important opportunity for the classroom teacher to build and strengthen their relationship with the student's family.

Can the ASQ and ASQ:SE be done virtually?

Brookes has several resources on how to successfully administer ASQ-3 and ASQ:SE-2 in a virtual environment.

<https://agesandstages.com/using-asq-in-a-virtual-environment/>

- Webinar recording of **How Providers and Parents Partner Together to Use ASQ-3 in a Virtual Environment**, you'll learn how to continue administering developmental screening with ASQ-3 through parent conferences during the current health crisis. You'll get an overview of the challenges, opportunities, considerations, and much more.

<https://agesandstages.com/using-asq-in-a-virtual-environment/>

- Webinar recording of **Using ASQ:SE-2 Effectively with Parents During Virtual Screening Interviews**, you'll learn how to support families and continue administering social-emotional screening through virtual interviews during the health crisis.
- Q&A with ASQ author Liz Twombly about virtual administration of ASQ-3

**One of my school buildings is
now closed. What should I do?**

- 
- 1. Be sure to archive the students in the program.**
 - 2. Contact KSDE to let them know the school building has closed.**

How to Add Users (User Roles and Permissions)

Within a program there are three different roles: Program Admin, Provider, and Reviewer. Learn how to add users to your program and grant the appropriate user role(s).

The screenshot shows the ASQ Online system interface. At the top, it says "Logged in as demo" and "Program: Brookes Elementary / Role: Program Administrator". The main content area is titled "Program Details" and shows a form for adding a user. The form includes fields for Account name, Program ID, Program name, Contact name, Email, Phone, Alternate phone, Website, and Logo. There is also a section for Address (Address1, Address2, Address3, City, County/District, State/Province, Zip/Postal code, Country). A large play button is overlaid on the form. Below the form is a table for "Recent Program Users" with columns for Name, Account, Roles, Job Title, Phone, and Email.

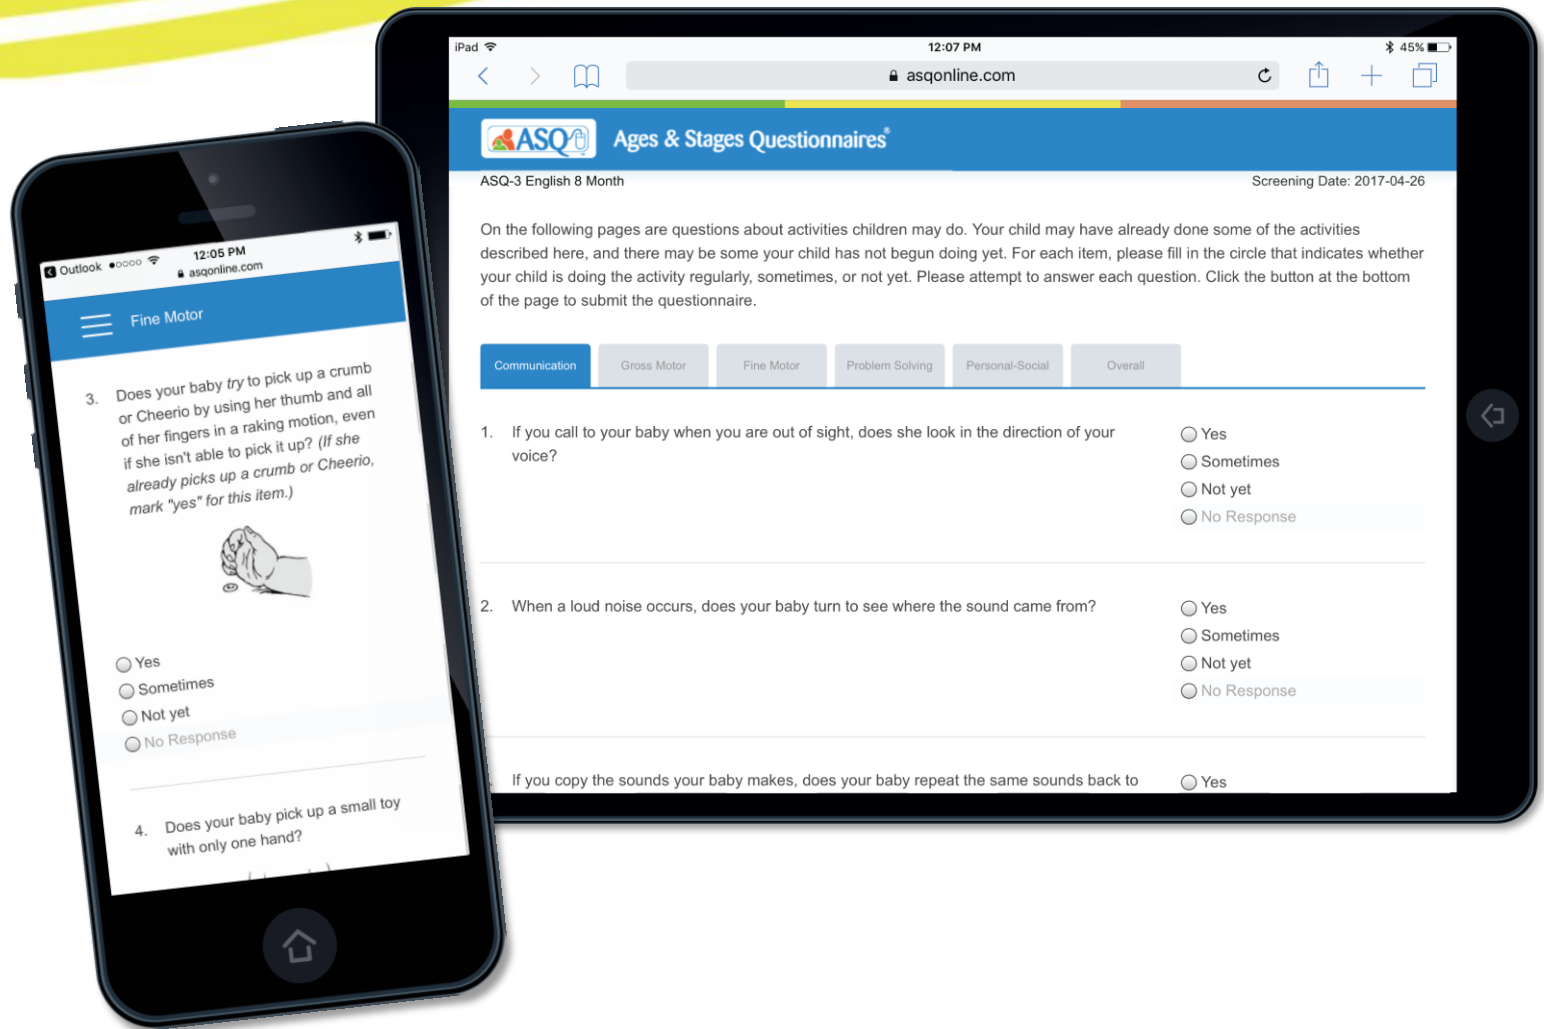

**What should I do if a student is
older than 77 months 30 days?**

Reason for not participating:	Please Select <input type="button" value="v"/>
	Please Select
	Parent/Caregiver opted out of participating
	Child older than age cutoff
	Determined screening was inappropriate

Does Family Access work on a phone or tablet?

How do I edit/add the parent consent language in Family Access? How do I print the Parent Consent forms if we're using paper questionnaires?

Consent paragraph*

You may use this field to show a message to caregivers before they complete their questionnaires online.

B *I* |   |   | 

I have read the provided information about the Ages & Stages questionnaires, and I wish to have my child participate in the online screening program through this Famil

ASQ Online Support Modules

Home / Kansas Kindergarten Readiness / ASQ Online Support Modules

Watch these 25 to 40-minute recorded webinars for in-depth instruction on getting started with ASQ Online and using the system effectively.

Entering questionnaire data into ASQ Online

Who should watch this module: Program Administrators and Teachers

Length: 30 minutes

Description: This online training module is designed to show users how to enter ASQ-3 and ASQ:SE-2 questionnaire data into ASQ Online for the Kindergarten Readiness Snapshot. Users will learn how to:

- Enter the responses from paper questionnaires into ASQ Online.
- Review the questionnaires that come in through Family Access, the online questionnaire completion system for Parents and Caregivers

**This is my first time
administering the ASQ. What
resources are available to get up
to speed?**

What are the ASQ Learning Activities and how can we use them?

ASQ-3/ASQ:SE-2 Learning Activities

- Enhance the growth and development children with fun, easy-to-use learning activities
- Perfect for sharing with parents and families of children who are developing typically or need non-intensive support in one or more developmental areas or with social-emotional skills

- 
- **ASQ-3 Learning Activities encourage progress in the same five developmental areas—communication, gross motor, fine motor, problem solving, and personal-social**
 - **ASQ:SE-2 Learning activities promote adult–child interaction and key social-emotional skills.**
 - **Promote closer parent–child interactions**
 - **Serve as a natural follow-up for children who score in the monitoring zone**
