

ASQ Online Quick Tips: Learning Activities for Families

ASQ offers a variety of different resources to help engage families.

- ASQ-3 Learning Activities gives parents/caregivers fun things to try at home with their child. Handouts are organized by area and can be sent home to give parents/caregivers ideas for opportunities for their children to practice skills.
- ASQ:SE-2 Learning Activities & More contains newsletters, activities, and parenting tips by age. Handouts are organized by type and age and offer parents/caregivers key information to support children's social-emotional development and strategies for challenges parents/caregivers may face.

• Programs can share handouts by printing directly from ASQ Online or by including links to handouts on the "Thank You" page of Family Access.

In order to access the learning activities in ASQ Online, your program needs to purchase the Learning Activities and the Program Admin needs to enter the keycode. Visit <u>https://agesandstages.com/ks/order-asq/</u> for ordering information. Learning activities are available in English and Spanish.

To print ASQ-3 Learning Activities and/or ASQ:SE-2 Learning Activities:
